BIOGRAPHY

Born in 1977 in Cologne, DJ Da Trooth discovered his passion for DJing at just 14 years old. Behind two second-hand replicas of the legendary Technics MK2, his journey began with a clear mission: bringing New Jack Swing, R&B and hip-hop from the 90s into German clubs. What started with simple gear grew into a signature style blending 90s R&B, hip-hop, New Jack Swing and dancehall into high-energy sets. In 2019, DJ Da Trooth largely stepped back from the active DJ scene. In 2025, inspired by his son, he returned to the decks and simultaneously opened a new chapter as a producer. Today he combines decades of DJ experience with fresh musical energy, with releases available on all major music platforms.
